Therefore, at present you may not be able to:

- change colours, contrast levels and fonts
- navigate most of the website using speech recognition software

We want to hear any feedback you may have so we can improve our site further. Please contact the Parish Clerk (details above) to help us continually improve accessibility to our site.

## Preparation of this accessibility statement

This statement was prepared on 8 December 2020. It was last reviewed on 4 November 2023.

Web Content Accessibility Guidelines ('WCAG') 2.1 AA is a technical standard of website accessibility and functionality applicable to all public sector websites. Government guidance directs that where it is not possible to apply the detailed technical standards of WCAG 2.1 AA, either because an organisation does not have the necessary expertise in-house and/or because contracting with an external party would place a disproportionate burden on the organisation in terms of cost, the organisation can conduct a Basic Check following Government guidance.

## Enforcement procedure

The Equality and Human Rights Commission (EHRC) is responsible for enforcing the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018 (the 'accessibility regulations'). If you're not happy with how we respond to your query, [contact the Equality Advisory and Support Service \(EASS\)](#).
